The Home Builders & Remodelers Association of Fairfield County (HBRA) ([www.fairfieldcountyhba.com](http://www.fairfieldcountyhba.com)) celebrated 60 years of service to the local home building industry at its Annual Awards Gala held on Dec. 8 at the Water's Edge at Giovanni's in Darien. The association represents the local interests of the home building, remodeling, land development and allied industries and serves as the premiere resource for area homeowners.

HBRA award recipients included Gribin Construction, which received the Remodeler of the Year award for the remodeling of a Southport home owned by Diane Ratcliff. Last summer, Gribin Construction volunteered around the clock to help Gulick Associates Inc. of New Canaan manage ABC Television's Extreme Makeover project in Bridgeport, where a 3,000-plus square foot home was constructed from start to finish, including full basement and landscaping in just five days for the network program.

"Our award winners are deserving of this recognition for the accomplishments they have made within our industry and their commitment to our association's standard of excellence," stated Andrew LaSala, Jr., president of the HBRA of Fairfield County.

"The support given by all our members have helped our association achieve a 60-year anniversary milestone this year."
